

# You're Running Wild

[Rhonda Vincent](#)

You're running wild  
How long can this go on?  
You're leaving me alone  
Stop running wild You're always gone  
My love you'll never change  
It's more than I can bear  
Stop running wild You'll settle down someday  
And find I've gone away  
You'll think of what you've done  
While running wild You can't go home  
You'll have to change your ways  
You'll have to go or stay  
Stop running wild
