

Sixth Street

Small Town Heroes

Love is like a tidal wave that drowns your thoughts
and makes you lose control
There is no light to guide me
just your lips and hands for me to hold
You caught me off guard and now your intentions
are starting to become unclear
You got me feeling nervous as you take my hand
and whisper in my ear Kiss me under the lights of Sixth Street,
we'll go to a place, a place where no one goes
I'm losing my mind and we're
losing our clothes
(Wooaah oh ohh)

Not a care in the world or another soul on the street
its just you and me baby
I'm feeling so damn numb, 'cause tonight is the night
I fell for a girl on Sixth Street She's like a perfect storm that you should run from
but you can't look away
I know she's trouble but she has the taste,
the taste you can't escape
Oh, I'm losing myself in you
and there's nothing I can do,
You've got all these tricks up your sleeve
and now I'm thinking that I don't wanna leave Kiss me under the lights of Sixth Street,
we'll go to a place, a place where no one goes
I'm losing my mind and we're
losing our clothes
(Wooaah oh ohh)

Not a care in the world or another soul on the street
its just you and me baby
I'm feeling so damn numb, 'cause tonight is the night
I fell for a girl on Sixth Street And she's taking hold of me
woah oh, am I falling in love?
Here in the darkness now
where none of us can see
And I feel your breath on the back of my neck
and now I'm thinking this is where I wanna be Kiss me under the lights of Sixth Street,
we'll go to a place, a place where no one goes
I'm losing my mind and we're
losing our clothes

(Wooaah oh ohh)

Not a care in the world or another soul on the street
its just you and me baby
I'm feeling so damn numb, 'cause tonight is the night
I fell for a girl on Sixth Street
