

Beautiful

HIM

Just one look into your eyes
One look and I'm crying
'Cause you're so beautiful Just one kiss and I'm alive
One kiss and I'm ready to die
'Cause you're so beautiful, yeah Just one touch and I'm on fire
One touch and I'm crying
'Cause you're so beautiful Just one smile and I'm wild
One smile and I'm ready to die
'Cause you're so beautiful, yeah Oh, and you're so beautiful, my darling
Oh, you're so beautiful
You're so beautiful, oh my baby
You're so beautiful And you're so beautiful, yeah
Oh my darling, oh my baby
And you're so beautiful
