To Be Free

Plaza People

To be free
Or to feel free
The first one is a myth
Yeah, to be free
Or to feel free
The first one is a myth
For to be is to feel and to be real is to see

You got more
But did you get me?
Red sleeps after sunrise has fallen
You're hard core

You're dressed up at dawn way before me
Bereft as the sunlight was fallin' upon me

Do you like?
(Open up your mind)
Come on
(Open)
(Open up your mind)
Ooh yeah, baby
To be free
Or to feel free
The first one is a myth
Yeah, to be free
Or to feel free
(Open)
The first one is a myth
To be is to feel and to be real is to see
Ooh
(Open)
(Open up your mind)

Be free
(Open)
You better have [Incomprehensible]
(Open up your mind)
To come is so organic unbelievable
A solitary sign to open up your mind
A love that's so organic unbelievable
A solitary sign to open up your mind
(Open up your mind)
Open up your mind
(Open up your mind)
Open up your mind
Open up
Open up
Open up
