

# Cross My Heart

## The Epoxies

Don't  
Don't try to fool me  
Don't incredulous and ask me why  
You  
You're not so far away  
That I can't hear you when you cry Don't think I can't see right through you  
I had you figured from the start  
Don't try to run away or hide  
I won't hurt you baby  
Cross my heart I  
I'm not the type of girl  
Who gives up easily  
Or runs away.  
You  
Better get used to it  
Cos I ain't leaving you  
I'm here to stay Don't think I can't see right through you  
I had you figured from the start  
Don't try to run away or hide  
I won't hurt you baby  
Cross my heart I won't hurt you baby  
Cross my Heart  
I won't hurt you baby  
Cross my Heart
