Love You All

54-40

Breakin' the pleasure, breakin' it in
All around the world
Measure for measure, gettin' it out
Gotta let you knowI love you, love you, love you all
Yeah, I love you, love you, love you allBreakin' the fences down
Yeah, forever we're together
Got a reason
And there's nothing can go wrongI love you, love you, love you all
Yeah, I love you, love you, love you allMore than life, more than life
More than anybody can
More than life, more than life
More than anybody canBreakin' the exit, I'm breakin' my neck
I'm breakin' over you
I'm breakin' the airwaves, yeah
Callin' out to youI love you, love you, love you all
Yeah, I love you, love you, love you allMore than life, more than life
More than anybody can
More than life, more than life
More than anybody canOoh baby, break me up into little pieces
Ooh baby, I'm breakin' over youBreakin' down to what
Happens only once
And this one is it, oh yeah
It's such a surprise and I don't realize thatI love you, love you, love you all
Yeah, I love you, love you, love you allMore than life, more than life
More than anybody can
More than life, more than life
More than anybody canNothing can, nothing can stop me now
Nothing can, nothing can stop me
