Sweet Talker

The Matlocks

sweet talker
i'm not going to stop you
you talk so swwet
it's dribbling like honey
it's just one taste
i see just what your trying to do
it's hard
the stakes are getting higher
no love for free man
it costs when you're trying to do
lazy lover, won't you
slide me through your
slide me through your
lazy love and i will slide me
through your window
and i'll give you
the sweetest dreams you ever had
make your early morning not so bad
i can see just what you're trying to do
thats a nice
i like what you've done with this place
your ginger bread and that
greedy smile upon your face
i can see temptationsthat your

putting me through
Lazy lover, won't you
slide me through your
slide me through your
lazy love and i will slide me
through your window
and i'll give you the sweetest dreams you have ever had
make your early morning not so bad
i can see just what you're trying to do
but dont worry
i say get it over with
cause what you, you you know you got it
on your finger tips
don't you ask for more

that wave just tumbles me round
till im lost somewhere where baby
i can't make a sound
it's so unfortunate
but ive already bee through this
and i can see just what you're
trying to do
i can see justwhat you're trying to do
i can see
