

In the Forest

Van Morrison

By the sacred grove, where the waters flow
We will come and go, in the forest In the summer rain, we will meet again
We will learn the code of the ancient ones
In the forest By the waterfall, I will hold you in my arms
We will meet again by the leafy glade
In the shade of the forest With your long robes on, we will surely roam
By the ancient roads, I will take you home
To the forest In the forest, in the forest
In the forest, in the forest With your long robes on, we will surely roam
By the ancient roads, I will take you home again
To the forest Satisfy the soul baby
Birds sing all day long of the mother lode
We can let it roll, in the forest With your long robes on
I know where you're coming from
By the big oak tree you've gotta come and go with me In the forest, in the forest
In the forest, in the forest By the waterfall
I will hold you in my arms, and we will meet again
By the leafy shade, in the, in the forest Satisfy the soul
Birds sing all day long of the mother lode
We can surely let it roll, in the forest With your long robes on
I know where you're coming from
We will surely roam, down by the ancient roads
