# Your Life Is Now

## John Mellencamp

See the moon roll across the stars
See the seasons turn like a heart
Your father's days are lost to you
This is your time here to do what you will doYour life is now, your life is now, your life is now
In this undiscovered moment, lift your head up above the crowd
We could shake this world if you would only show us how
Your life is nowWould you teach your children to tell the truth?
Would you take the high road if you could choose?
Do you believe you're a victim of a great compromise?
'Cause I believe you could change your mind and change our livesYour life is now, your life is now, your life is now
In this undiscovered moment, lift your head up above the crowd
We could shake this world if you would only show us how
Your life is nowWould you teach your children to tell the truth?
This is your time here to do what you will doYour life is now, your life is now, your life is now
In this undiscovered moment, lift your head up above the crowd
We could shake this world if you would only show us how
Your life is now, your life is now, your life is now, your life is now
