

# Gonna Love You Right (A Cappella Remix)

## After 7

Gonna love you right  
Gonna take my time with you  
Gonna love you slow  
Can't get enough of you Gonna love you right  
Gonna take my time with you  
Gonna love you over  
Over, over again Some people live searching for love  
And some don't believe no more  
I've been on both sides  
And I'm thankful because you're fine 'Cause it feels good to hold you  
And each time you tell me  
You'll be here the rest of my life Gonna love you right  
Gonna take my time with you  
Gonna love you slow  
Can't get enough of you Gonna love you right  
Gonna take my time with you  
Gonna love you over  
Over, over again Some people mistreat a special love  
Find it hard to stop doin' wrong  
They don't miss their well  
'Til their water starts running dry But I'll do what I can  
To be a good man  
Don't wanna hear  
No more your goodbyes Gonna love you right  
Gonna take my time with you  
Gonna love you slow  
Can't get enough of you Gonna love you right  
Gonna take my time with you  
Gonna love you over  
Over, over Everybody needs someone to love  
Gotta take my love kiss stars  
I've got the chance to love you Everybody needs someone to hold tight  
As long as I've got you, I'm gonna do it right  
Wanna love, need a love, gotta love  
Wanna love need a love, gotta love you Gonna love you right  
Gonna take my time with you  
Gonna love you slow  
Can't get enough of you Gonna love you right  
Gonna take my time with you

Gonna love you over  
Over, overLove you right  
Take my time  
Doin' it slowLove you right  
Take my time  
Doin' it slowLove you right, slow, time  
Doin' it slowLove you right  
Take my time  
Doin' it slowLove you right  
Take my time  
Doin' it slowLove you right, slow, time
