

# Electric Pornography

## Mr. Strange

So sweet, so deadly,  
Electric pornography, It's dark and sweating hot,  
It's easy to give what you've got, This den is a sea of sin,  
Turned on for the pleasures of skin, Oh my God, it's filthy and dirty,  
Bass vibrates and fucks it into me,  
One more dance and I'm gonna cum,  
Baby's getting wet and coming undone, I see the devil in your eyes,  
I hear desire in your lies,  
Let yourself go,  
It's easy,  
Purse your lips and blow,  
It's sleazy, Get down and get undressed,  
Your sexuality unrepressed, Sweat drips down your heaving chest,  
We dance to the slap of flesh on flesh, ...it's filthy and dirty,  
...fuck it into me,  
...I'm gonna cum,  
Baby's getting wet and coming undone, Corruption,  
Sin,  
Filth,  
Lets get undressed, I see the devil in your eyes,  
I hear desire in your lies,  
Let yourself go,  
It's easy,  
Purse your lips and blow,  
It's sleazy, Take it away,  
Take it away, This is my fantasy,  
Electric pornography, (I'll take the world and spin it for you,  
Just let your world in my dimension)
