

To You

Paula Abdul

To you
Gonna give it all to you
To you
Gonna give it all to you If it's pleasure you want
And it's pleasure I've got
Baby I will give some to you
If you're lonely at night
And it's me that you want
Call my name and I'll run to you To you
Gonna give it all to you
To you, you
Gonna give it all to you Boy I feel so alive
When you're holding me tight
I surrender my heart to you
You never ask for too much
Boy I feel so in love
So I give all my trust to you Boy I'm so thankful for us
I'm glad we're together
Boy I am so proud of us
I'm your girl forever To you
Gonna give it all to you
To you, you
Gonna give it all to you I won't be torn apart
No not me from my heart
Because this love is true
We've been through thick and thin
Yes this love's gonna win
I'm so glad that I'm with you Oh oh
To you
Gonna give it all to you
To you, you
Gonna give it all to you
To you
Gonna give it all to you
To you, you
Gonna give it all to you...
