

Swoon

Big Deal

Always hungry, I've waited so long to feel your touch
You _____ me, _____ me,
do my bones show enough for your love? Do what you want, I want you to
The only thing you have to do So come and find me dizzy with the spell of our chemistry,
You are a diamond, that fits into my heart so easily
We have the system for the stars,
To keep us safe and warm Do what you want, I want you to
Thee only thing you have to do
Follow the heart you know is true
Thee only thing, you have to do Summers comin', soon
Oh summer's comin', soon
Oh summer's comin', soon
Oh summer's comin', soon
