By Your Side

William Beckett

I turn off the lights and let you sleep
Just close your eyes, relax and breathe in slowly, no, don't feel lonely
'Cause I'll be right here by your side
If you should awake into the night keep dreaming
'Cause I'll be keeping your heart in mine
Don't you know I'll always be near?
Even in the hardest time
Don't you know I'm always right here?
When you're feeling lost don't give up because it's alright
When you close your eyes I'm by your side
Remember the days when we would drive into the night
We'd watch the skies of summer so full of color
And remember the days when waves would roll
Up on the beach to touch our toes on soft sand
My hand in yours and your heart in mine
Don't you know I'll always be near?
Even in the hardest times
Don't you know I'm always right here?
When you're feeling lost don't give up because it's alright
When you close your eyes I'm by your side
Laying flat on our backs, we stared up at the sky
We were laughing so hard, we had tears in our eyes
Our future's before us, our worries behind
Just you and I
I turn off the lights and let you sleep
Just close your eyes, relax and dream
And keep your heart in mine
Even in the hardest times
When you're feeling lost don't give up because it's alright, it's alright
When you're feeling lost don't give up because it's alright
When you close your eyes I'm by your side
I'm by your side
