

Punk and Belligerent

Warrior Soul

I'm going out tonight and I'm going out drinking
Don't bother waiting up 'cause I'm coming home stinking
I'm tired of sitting 'round, watching my world going down
Gonna get kicked out of every bar in town 'Cause I'm a punk and I'm belligerent
And I get drunk, now baby, get in bed
'Cause I'm a punk and I'm belligerent
And I don't give a, give a, give a shit If you mess with me, boy, you better start thinking
'Cause I'm a mean little sucker and I'm coming out swinging
I'm coming down the street and I'm lit up like a rocket
If I see your face again, boy, I'm going to sock it 'Cause I'm a punk and I'm belligerent
And I get drunk, now baby, get in bed
'Cause I'm a punk and I'm belligerent
And I don't give a, give a, give a shit I'm tired of paying taxes and footing all the bills
For all those fat slobs, up on the Capitol Hill
If the president and CIA don't want me around
Get the dea cover and come, shot me down 'Cause I'm a punk and I'm belligerent
And I get drunk, now baby, get in bed
'Cause I'm a punk and I'm belligerent
And I don't give a, give a, give a shit
