# You're The Reason

## Sonique

Oh Yeah Oh Yeah
Listen now to what I'm tryin' to say
All the things that I feel I need to clear my head
Cause this is the time and I think it is the place
So I'm letting you know thatYou're the reason I smile on my own
You're the reason I can carry on
You're the reason I feel happiness inside
Yes
You're the reason I sleep peacefully at night
Yeah you're the reason I oh I carry on
Yes I carry onCome on now do I make myself clear
All the things I want are not only in my bed
I really want to share my life with you
So I'm letting you knowSometimes I like to be alone
This doesn't mean that my love for you has gone
This is when I truly love you more
Thought I'd let you know thatYou're the reason I smile on my own
You're the reason I can carry on
You're the reason I feel happiness inside
Yes
You're the reason I sleep peacefully at night
Yeah you're the reason I oh I carry on
Yes I carry onYou're the reason I smile on my own
You're the reason I can carry on
You're the reason I feel happiness inside
Yes
You're the reason I sleep peacefully at night
Yeah you're the reason I oh I carry on
Yes I carry on
