Endeavour

Elegist

A question has come to my mind
Why do I keep asking myself?
Where are you heading like a tumbleweed?
Like a rock that falls down the cliff?
You are wasting everything!
I find it hard to believe but youll always have a chance to turn over a new leaf
Were stuck between our desires
Were taking hold of ourselves
But maybe thats not the key
Thats simply another deadlock
Another delusion
We fucked up!
What if were doomed?
Whaaaaaaaaat?
The outcome is close!
It will show you the truth!
I know that sucks to be kept in the dark!
Were taking hold of ourselves
But maybe thats not the key
Thats simply another deadlock
Another delusion
We are free!
We are free to choose and believe in what we want to believe
And hope that we have one more endeavour! (x3)
