

# Endeavour

## Elegist

A question has come to my mind

Why do I keep asking myself?

Where are you heading like a tumbleweed?

Like a rock that falls down the cliff?

You are wasting everything!

I find it hard to believe but youll always have a chance to turn over a new leaf

Were stuck between our desires

Were taking hold of ourselves

But maybe thats not the key

Thats simply another deadlock

Another delusion

We fucked up!

What if were doomed?

Whaaaaaaaaat?

The outcome is close!

It will show you the truth!

I know that sucks to be kept in the dark!

Were taking hold of ourselves

But maybe thats not the key

Thats simply another deadlock

Another delusion

We are free!

We are free to choose and believe in what we want to believe

And hope that we have one more endeavour! (x3)
