

Walk Into the Sun

Dirty Vegas

Lately I've been feelin' different
Like I've come from outer space
And I notice something missin'
When it's you I can't replace
And I've been drowning out the silence
From the words that we once said
And I know I could make a difference
If I could get inside your head
And as I walk into the sun
And as I stare across this ocean
And as I start a brand new day
But I felt we'd be the same, again
Up ahead there in the distance
Shadows coming through the haze
You're the only one that listens
To help me break loose from these chains
And as I walk into the sun
And as I stare across this ocean
And as I start a brand new day
But I felt we'd be the same, again
The same again
Ahh-ah-ah-ah-ah-ahh
And as I walk into the sun
And as I stare across this ocean
And as I start a brand new day
But I felt we'd be the same, again
