

Apply Some Pressure (featuring Paul Smith)

Mark Ronson

I like to wait to see how things turn out
If you apply some pressure
I like to wait to see how things turn out
If you apply some pressure You know that I would love to see you next year
I hope that I am still alive next year
You magnify the way I think about myself
Before you came I rarely thought about myself Behind your veil I found a body underneath
Inside your head were things I never thought about
You know that I would love to see you next year
I hope that I am still alive next year What's my view, well, how am I supposed to know?
Write a review, well, how objective can I be?
What's my view, well, how am I supposed to know?
Write a review, well, how objective can I be? I like to wait to see how things turn out
If you apply some pressure
I like to wait to see how things turn out
If you apply some pressure What happens when you lose everything?
You start all over again I like to wait to see how things turn out
If you apply some pressure
I like to wait to see how things turn out
If you apply some pressure What happens when you lose everything?
You just start again, you start all over again
What happens when you lose everything?
You just start again, you start all over again Everything
You start all over again
Everything
You start all over again What happens when you lose some pressure?
Apply some pressure, you lose some pressure
Apply some pressure, you lose some pressure
Apply some pressure, you lose some pressure What happens when you lose some pressure?
Apply some pressure, you lose some pressure
Apply some pressure, you lose some pressure
Apply some pressure, you lose some pressure You know that I would love to see you next year
I hope that I am still alive next year
You know that I would love to see you in that dress
I hope that I will live to see you undress
