## **Float**

## **Flogging Molly**

Drank away the rest of the day Wonder what my liver would say Drink, that's all you can Blackened days with their bigger gales Blow in your parlor to discuss the day Listen, that's all you canAh, but don't, no don't sink the boat That you built, you built to keep afloat Ah no, don't, no don't sink the boat That you builtSick and tired of what to say No one listens, anyway Sing, that's all you can Rambling years of lousy luck You miss the smell of burning turf Dream, that's all you canAh, but don't, no don't sink the boat That you built, you built to keep afloat Ah no, don't, no don't sink the boat That you built, that you built to keep afloatSingled out for who you are It takes all types to judge a man Feel, that's all you can Filthy suits with bigot ears Hide behind their own worst fears Live, that's all you canIt's all you can It's all you can doNo matter where I put my head I wake up feeling sound again Dream, it's all you can Tomorrow smells of less decay The flowers quick just bloom and fray Be thankful, that's all you canAh, but don't, don't sink the boat That you built, you built to keep afloat Ah no, don't, no don't sink the boat That you built, you built to keep afloatAh no, don't, oh no, don't sink the boat Oh, that you built, that you built to keep afloatA ripe old age, a ripe old age I'm a ripe old age, that's what I am I'm ripe old age, a ripe old age A ripe old age, just do it the best I can, hey A ripe old age, a ripe old age A ripe old age, that's what I am

A ripe old age, a ripe old age
A ripe old age, just do it the best I can, hey
The best I can
