

Somebody's Somebody

Christina Aguilera

I wish I had somebody
I wish I was somebody's baby
Somebody's somebody
Somebody's somebody Watchin' lovers walkin'
Hand in hand they pass me by, yeah
Wish I was one of them
Wish I had somebody
Wakin' up beside me Lookin' into my eyes at night
I want a love to call my own
I want someone that I can hold
Want someone wanting me
I wanna feel how it feels to be, oh Somebody's somebody
Someone's someone
Some sweet lover's lover
I wanna be that one Someone faithful to someone faithful
Someone kind to someone kind to me
Somebody to somebody who loves me
Who loves me Spending all of my time
Spendin' all my time on me, oh baby
Where is that someone who
I can give my time to?
Searching for that lover With the love that will change my life
I want two arms to hold me close
I want the thing, I need the most
Somebody needing me
So I can feel how it feels to be, to be Somebody's somebody
Someone's someone
Some sweet lover's lover
I wanna be that one Someone faithful to someone faithful
Someone kind to someone kind to me
Somebody to somebody who loves me
Who loves me What I'm lookin' for
Is someone to love me more
Than I've been loved before
With love so right
What I need to find
Is someone to hold me tight
What I mean is I want to be Somebody's somebody
Someone's someone

Some sweet lover's lover
I wanna be that one Someone faithful to someone faithful
Someone kind to someone kind to me
Somebody to somebody who loves me, yeah oh yeah
Who loves me, yeah baby Somebody's somebody
Somebody's somebody
Somebody's somebody
(I wish I was one of them)
(And I wish was somebody's baby) Somebody's somebody
I wish I was one of baby
I wish was somebody's darling
Ooh come on, come one for me Somebody's somebody
Somebody's somebody
(I wish I was one of them)
(And I wish was somebody's baby)
Somebody's somebody
