

Come Together in the Morning

Free

It makes me sad to think of you
Because I understand the things you do
There is no one else can take your place
In my life alone I hide my face Come together in the morning
I can understand your mind
Come together in the morning
See the world the same as me There was a time, it's in the past
I thought our love was born to last
But now you say you are torn in two
That's what my love has done for you Come together in the morning
I can understand your mind
Come together in the morning
See the world the same as me Come together in the morning
I can understand your mind
Come together in the morning
See the world the same as me It makes me sad to think of you
Because I understand the things you do
There is no one else can take your place
