

Strip for You

R. Kelly

Hey baby
What you doin'?
Well, stay there
I got a surprise for you
I'm on my way over Suddenly I feel like I wanna break loose
Jump in my six and come and see you
Girl, I'm gonna do something that's brand new
Umm, I got a kinky surprise for you So girl get ready 'cuz I'm on my way
Put your sexy body in some negligee
And if you feel me, let me know it right now
Baby, this is how it's all goin' down There'll be
Three knocks at the door, my baby
My trench coat hits the floor, my baby
Sit back in the chair, my baby
'Cuz I'm about to go there, my baby
And get your body real open, baby
Do what you been hopin', baby
Tonight I'm gonna pull a switcheroo
Do you mind if I strip for you? I'm a stop and get some gas, my baby
That gives you time to freshen up, my baby
And if you want, just leave the door unlocked
I'll be creepin' in 'bout twelve o'clock So turn the telephones off, my baby
No interruptions while I'm drivin' you crazy
Girl, I want you to know tonight is yours
Start in the bed and end up on the floor There'll be
Three knocks at the door, my baby
Trench coat hits the floor, my baby
Sit back in the chair, my baby
'Cuz I'm about to go there, my baby
And get your body real open, baby
Do what you been hopin', baby
Tonight I'm gonna pull a switcheroo
Do you mind if I strip for you? Baby, watch this
Slowly rollin'
For you
Whatever you want me to do
I will do
Girl, I promise
Will not regret

I'm everything that you ever wanted
I'm a strip to the bone
And just let you get on it, girl! Three knocks at the door, my baby
My trench coat hits the floor, my baby
Sit back in the chair, my baby
'Cuz I'm about to go there, my baby
And get your body real open, baby
Do what you been hopin', baby
Tonight I'm gonna pull a switcheroo
Do you mind if I strip for you? Three knocks at the door, my baby
My trench coat hits the floor, my baby
