

# Siren

## Gravity Co.

People can you look around, its my nightmare  
Hey can you lend me a hand Ive been through enough  
People if you look behind its my nightmare  
Hey cant you lend me a hand youve taken enough  
Let the siren howl  
Til I end it all  
Refuse to fall  
Electronic high on ultrasonic through the darkness  
Im coming atcha coming atcha coming atcha  
Through the madness
