

Spacegirl

Drugstore

Spacegirl, you
had enough on this ground
Well take
another deep shot
I know that
life can be so cruel
We need to shake
your hands and roll
Just like
a freak-bell
Making such
a weird sound
Well turn
your radio right up
I know that
life can be a pain
We need to let
it all hang out, hang out
I wanna live
like a spacegirl
Living
like a spacegirl
I wanna live
like a spacegirl
Freak-head,
happy as a clean doll
Always
gettikng so high
I know that
life should be so good
We need to let
it all hang out, hang out
I wanna live
like a spacegirl
Living
like a spacegirl
I
wanna...
Living

like...
Living
like...
Living
like...
