No Worries

Hepcat

All of the wonderful things - In life you can't buy
They all can be yours with the right frame of mind
Just look and you'll find - (no run, no lie)
There are no secrets to hide - (no run, no lie)
Leave your problems behind - leave your problems behind
Tra la la la la - la la la la.....
Hepcat in the front - to make you boogie bump
Raise your glass and tip your brim
No worries friends - No worries

Imagine that you're sailing on the big blue sea -
Just you and your best girl for company -
Rockin' the boat while the trade winds blow -
You'll never forget how you love her so....
Tra la la la la - la la la la.....
Hepcat in the front - to make you boogie bump
Raise your glass and tip your brim
But no worries friends no worries

Imagine that you're sailing on the big blue sea -
Just you and your best girl for company -
Rockin' the boat while the trade winds blow -
You'll never forget how you love her so....
You feel sick - you feel sad - the love you had
Left you blue?? In the time will you remember that it happened to you -
Just look and you'll find - (no run, no lie)
There are no secrets to hide - (no run, no lie)
Leave your problems behind - leave your problems behind
Tra la la la la - la la la la.....
Hepcat in the front to make you do the ska jump
So dance, laugh, and sing.. No worries friends -
No worries.....
