Only To Haunt You

Von Bondies

ride for me
just don't hold me
blood depends
paint portraits of me
won't you stay
a little longer
you find pain in most my pleasure
whoa only to haunt you
whoa only to haunt you
whoa only to haunt you
it's true, it's you
she's not honest
the maddest one
makes her kill
when she needs to run
she don't mean it
she's good for the start
begged and grieved
when i break her heart
whoa only to haunt you
whoa only to haunt you
whoa only to haunt you
it's true, it's you

only to haunt you
kill for me
just adore me
revel in these words that sew me
the night dressed in silence
silence fills these thoughts with violence
whoa, only to haunt you
whoa, only to haunt you
whoa, only to haunt you
whoa, only to haunt you
whoa, only to haunt you
whoa, only to haunt you
whoa, only to haunt you
it's true, it's you
she's the baddest one

only to haunt you
baddest one
only to haunt you
baddest one
only to haunt you
you, it's true
only to haunt you
