

# Hillside Avenue

## Simply Red

Hillside Avenue, Jamaica Avenue  
Hillside Avenue, Jamaica Avenue  
It was the sign I saw when I suddenly thought  
It was the sign I saw when I suddenly thought Your health is your life  
Your health is your life Why why why was I thinking that?  
Why why why was I thinking that? Who's gonna pay when the children start crying  
You'll never never get away  
Strange how the air that you're breathing is dying  
It's gonna get rough, when I get to Hillside Avenue, Jamaica Avenue  
Hillside Avenue, Jamaica Avenue  
It was the sign I saw when I suddenly thought  
Yes it was the sign I saw when I suddenly thought Your health is your life  
Your health is your life  
Your health is your life  
Keeps you alive Why why why was I thinking that?  
Why why why was I thinking that? When the rich man lies dying in his bed  
He'll be thinking of the very words I said  
When he's lying an' dying in his bed  
He'll be thinking of the very words I said, repeat Hillside Avenue, Jamaica Avenue  
Hillside Avenue, Jamaica Avenue  
It was the sign I saw oh when I suddenly thought  
Yes it was the sign I saw, oh when I suddenly thought Your health is your life  
Your health is your life  
Your health is your life  
Keeps you alive  
Keeps you alive  
Keeps you alive
