

# War Nerve (Live '98)

## Pantera

Truly, fuck the world, for all it's worth, every inch of Planet  
Earth, fuck myself, don't leave me out, but don't get  
involved, don't corner me  
Inside, ulcer, unjust bastards, file out face first  
Meet the lies and see what you are It's forcing you down, and it's grinding against you  
Let the war nerve break For every fucking second the pathetic media pisses on me and  
judges what I am in one paragraph - Look here - Fuck you all Expect the worse, you bleeding heart, but kill me  
first  
before it starts, yes my cock is getting hard, we are  
born different after all  
Invite mayhem, produce weapons, shoot out, burn down  
No CNN or media now It's forcing you down, and it's grinding against you  
Let the war nerve break For every fucking second the pathetic media pisses on me and  
judges what I am in one paragraph - Look here - Fuck you all All the money in the fucking world couldn't  
buy me one second of trust or one ounce of faith in anything you're about  
Fuck you all Nothing is worth the sleep that I've lost  
Apologies unacceptable now  
A blistered revenge awaits in me  
This is fucking loveless  
Hate  
Hate mail is not read, in jail instead  
Hate  
The Lord knows, there's worse  
Ignore, this curse  
Hate
