Mary Poppins

Snuff

When the east wind blows
And the fog rolls in
Out of nowhere, like a ghost
She appears again
Sweetened medicine
Circus in the sky
You've got your relationship
So why can't I
Believe in Mary Poppins
We just had the most magical time
She don't care that I am crazy
And I know that she'll never be mine
Oh, I need you Mary Poppins
Like the world needs a way
Oh, maybe Mary Poppins
We'll get there someday
Way up on a roof
I will sing to you
Just a lonely chimney sweep
Doing what I do
Mary is my friend
An angel, possibly
Helps me to forget myself
So that's why I
Believe in Mary Poppins
We just had the most magical time
She don't care that I am crazy
And I know that she'll never be mine
Oh, I need you Mary Poppins
Like the world needs a way
Oh, maybe Mary Poppins
We'll get there someday
I believe in Mary Poppins
We just had the most magical time
She don't care that I am crazy
And I know that she'll never be mine
Oh, I need you Mary Poppins
Like the world needs a way
Oh, maybe Mary Poppins

We'll get there someday
