

# The Return (of The Velvet Bear)

Ruben Studdard

K.L.

Baby, I know it's been awhile since you seen me  
And there's a lot of things I wanna show you  
Most things you never knew I could do  
Listen, baby, boo, I wanna whisper in ya ear  
Tell you what I'm all about  
Re-introduce myself and remove all doubts  
So you can let your hair down, you can let yourself go  
'Cause I came back to let you know  
That It's the return, it's the return  
Of your velvet teddy bear, girls, I'm here  
It's the return, it's the return  
Of your velvet teddy bear, have no fear  
Oh, are you ready? Yes  
Are you ready? Yes  
Baby, are you ready? Yes  
Are you ready for me?  
Baby, tell me, yes  
Are you ready? Yes  
For your velvet teddy bear  
Girls, I'm here  
Shortie, the vibe you're giving me is straight sexy  
And I gotta do what your body tells me  
'Cause I meet expectations better yet exceed 'em  
You best believe  
I'm a rider nova Casanova  
All of the above when it comes to making love  
You can let your hair down, you can let yourself go  
'Cause I came back to let you know  
That it's the return, it's the return  
Of your velvet teddy bear, girls, I'm here  
It's the return, it's the return  
Of your velvet teddy bear, have no fear  
Oh, are you ready? Yes  
Are you ready? Yes  
Baby, are you ready? Yes  
Are you ready for me?  
Baby, tell me Yes  
Are you ready? Yes

For your velvet teddy bear  
Girls, I'm here  
Shout out to little love music  
New Ruben, new look, new music  
Shout out to Larry Jackson that's big spit  
Oh, Jay records, return of the velvet teddy bear  
Girls, you should see him  
It's the return, it's the return  
Of your velvet teddy bear, girls, I'm here  
It's the return, it's the return  
Of your velvet teddy bear, have no fear  
Oh, are you ready? Yes  
Are you ready? Yes  
Baby, are you ready? Yes  
Are you ready for me?  
Baby, tell me, yes  
Are you ready? Yes  
For your velvet teddy bear  
Girls, I'm here  
It's the return, it's the return  
Of your velvet teddy bear, girls, I'm here  
It's the return, it's the return  
Of your velvet teddy bear, have no fear  
Oh, are you ready? Yes  
Are you ready? Yes  
Baby, are you ready? Yes  
Are you ready for me?  
Baby, tell me, yes  
Are you ready? Yes  
For your velvet teddy bear  
Girls, I'm here
