Friends

Hedley

When I saw you wave goodbye
It made me smile while it made me cry
I never thought I'd see the day
I never thought you'd walk a million miles away
But I know we all gotta grow so
These days everybody wants to find out how the story ends
So we say nothing is a possibility if you don't got your friends
And I know as time goes by we're never gonna pretend
'Cause you and me will always be friends
So if you're feeling all alone
Remember good times or remember home
And if you question all that you see
Remember that you always got a friend in me
'Cause I know we all gotta grow
These days everybody wants to find out how the story ends
So we say nothing is a possibility if you don't got your friends
And I know as time goes by we're never gonna pretend
'Cause you and me will always be friends
These days everybody wants to find out how the story ends
So we say nothing is a possibility if you don't got your friends
And I know as time goes you'll be fast if I'm slow and we'll find our tempo
'Cause we may never know how the story ends
But you and me will always be
These days everybody wants to find out how the story ends
So we say nothing is a possibility if you don't got your friends
And I know as time goes by we're never gonna pretend
'Cause you and me will always be friends
Yeah, you and me will always be friends
Yeah, you and me will always be friends
