

# Swimming in Champagne

Eric Heatherly

Santa Monica sunset, decorates the sky  
Rose colored twilight  
Reflectin' your eyes  
As we touch, the Heaven's light up  
And we both know, we're drowning in love  
Feels like I'm swimming in champagne  
Dancing in the rain  
My mind is spinning in a daze  
Feels like I'm riding on a tidal wave  
Feels like I'm swimming in champagne  
Floatin' on a white cloud  
With you in my arms  
I never wanna touch down  
Gonna live in the stars  
And I don't wanna wake up, if this a dream  
This love is a rush, when you're holdin' me  
Feels like I'm swimming in champagne  
Dancing in the rain  
My mind is spinning in a daze  
Feels like I'm riding on a tidal wave  
Feels like I'm swimming in champagne, ohh  
Feels like I'm swimming in champagne  
Dancing in the rain  
My mind is spinning in a daze  
Feels like I'm riding on a tidal wave  
Feels like I'm swimming in champagne  
In champagne  
In champagne
