# Over Me

## TLC

What are we gonna do Tron?
We're gonna make 'em danceNow I gave you a chance but you couldn't do right
When I asked you for the truth all you do is lie
And I'm like why the hell do I stay around?
When I know how you get down. check it out
It's 2 in the morning you just came in
And when I ask you where you've been
You say out with your friends
I wanna believe you but I can't stay
With you for one more day hey heyWhen you had me you didn't want me
Now I'm out the door I'm happy
I'm so glad that we're not together
'Cuz you're so sick and I'm much better
Gave my world I can't understand it
Now I'm gone and you can't handle it
I've been givin' you the cold shoulder
Why can't you accept it's overI do what I want to when I want to
You gotta get over me
But why do you still want me when I don't want you
You gotta get over me
All in my face up in business
You gotta get over me
I'm free to do my own thing so no more visits
You gotta get over meI was the best that you had and you let me slip
And now you want me back but the shoe don't fit
And don't you worry about who I'm with
And just stay out my
Matter fact where's the keys to your crib as you're checkin' out
Take the clothes for your son and get out my house
I'm so fed up and I've had enough
Of the games you play so I'm givin' upWhen you had me you didn't want me
Now I'm out the door I'm happy
I'm so glad that we're not together
'Cuz you're so sick and I'm much better
Gave my world I can't understand it
Now I'm gone and you can't handle it
I've been givin' you the cold shoulder
Why can't you accept it's overI do what I want to when I want to
You gotta get over me

But why do you still want me when I don't want you
You gotta get over me
All in my face up in business
You gotta get over me
I'm free to do my own thing so no more visits
You gotta get over meI done sold 30 mill dated the men you wanted
When it got too convenient I just gave it up
I don't need the stress, I don't need the pain
I do need the checks but don't need the games
You lie how could you and I be the same
When the house burnt down I took the blame
When the money got funny I took it to court
When most of y'all chicks wouldn't have even fought itI do what I want to when I want to
You gotta get over me
But why do you still want me when I don't want you
You gotta get over me
All in my face up in business
You gotta get over me
I'm free to do my own thing so no more visits
You gotta get over meI do what I want to when I want to
You gotta get over me
But why do you still want me when I don't want you
You gotta get over me
All in my face up in business
You gotta get over me
I'm free to do my own thing so no more visits
You gotta get over meYeah get over me, uh huh get over
Yeah yeah get over me, uh huh get over me, uh
Yeah get over me, uh huh get over me
Yeah yeah get over me, uh huh get over me, uh
