Virus (How About Now)

Martin Garrix

Virus

When every hour could be the last
Why would we wait
Why would we wait
And every road could be unsafe
But we'll be okay
We'll make it
We'll make it

It's just who we are
Say where to go
And I know that I won't slow down
It's just who we are
And we will do anything we dream about

How about now?
How about now?
How about now?
How about now?

Virus
