Trust

Thrice

Mix the chemicals right, dear Mix the chemicals right Got the margin of error is slightMix the chemicals right, dear Mix the chemicals right Yeah, you know that you could save my lifeThere is a risk There's a risk when your dealing with love You could snap my neck Any speed you drive can be dangerousMix the chemicals right, dear Mix the chemicals right Yeah, you know there's a fine line betweenMix the chemicals right, dear Mix the chemicals right 'Cause I know what betrayal can meanWhen this frame fails me Will I trust you to carry me through? I know there's no such thing as safety But I know what a promise can doWill I trust you? Will I trust you to carry me through? I will trust you 'Cause I know what a promise can do
