Untermensch (Adored Version)

:Wumpscut:

Your flesh is red your blood is cost
Your heart is dead your soul is lost
Your hands are of white sands and your backbone's so strongYour life is in judgement and your thinking is wrong
Untermensch I ignore you
Untermensch I am your fate
Untermensch I'm longing to kill youUntermensch I'm born out of hate
Your bones are token your will is justified
Your pride is unbroken and your head stands high
Untermensch I ignore you
I adore you as i stand alone
And i linger to murder you cause i'm not made of stoneUntermensch I am your fate
Untermensch I'm longing to kill you
Untermensch I'm born out of hateGet the fuck out of hereYour hands are of white sand and your backbone's so strong
Your pride is unbroken and your head stands high
Your bones they are token your will is justified
Your life is in judgement frchtest du den schmerz your thinking is wrongUntermensch I adore you
Untermensch I am your fate
Untermensch I'm born out of hateUntermensch I ignore you
