Semper fl,graduate & then u die
Nero High 4 life until u die
U gratuade & then it's goodyeLife is like a school
no applications just pick your class
no matter how smart any old fool
is accepted the there's no exams to pass
high grades or low grades you'll get to choose
your very own class mates,some of them you'll lose
others stay to bitter end
and that goes for both fiend and friendYour time here can seen very short
so why not get the best out of it
true frieds will show their support
get rid of the one's that don't give a shit
for once in your life let loose and have fun
after each moon there'll be yet another sun
your destiny depends on a choice
there's more than one path to rejoiceWhen u think you do right
you can be wrong in ur teacher's eyes
grab the chance when in sight
just follow the flow and improvise
24/7 school is all year long
bad times leaves scars but make you strong
enjoy while you can
is the recipe to die a happy manDon't think you'll get saved by the bell
when class is over its time to go
on your way to yur heaven or hell
a gratuation party 6 feet below
don't let yourself dictate by the pure
they're mind-slaves,ignorant and insecure
remember you're in control
there aint no rules in the school of rock n' roll
