We Do It for Fun, Pt. 4

Tha Joker

F.T.E in the buildin,
Young star J.R.,
Big Fruit on the beat,
Look here. I got what ya'll been waitin for,
We do it for fun part four,It's Mr. Too cold,
I'm so far from a rapper,
And you can wipe me down
Cause I'm so low backwards,
I'm all in yo hood,
Window down with tha heater,
All these shells on my seat,
Like I spilled velveta,
See you a senorita,
And you lookin for a tipper,
Still dancin on yo singles,
You a motha fuckin stripper,
See we gon shoot,
God damn you can bet it,
Got a whole lot of clips,
But none of my thugs can edit,
I think I got a fettish,
For blow jobs and shit,
Joker junior in my pants,
Let your girl babysit,
Two tears
And a pair of yo bars so weak
You don't even need bail, (faggot)
No line for us,
No problem at the door,
We got champaign for pearl seekers,
I spend more,
Mississippi on the map,
No it's not up for sa,
Jack town waddup,
Do is one big sinnigag,
I can have you appauled,
And sick as a fucking dog,
Playin school with your girl,
I'm confiscating her draws,

Hotel rooms,
W w e scene,
J.r. called swith,
And now it's a tag team,
See where your from green lights mean go,
But where I'm from blue lights mean GO!
Ya know?
Cause I don't want no more jail time.
I'm tryin to stay ahead
Of the law like time.
We gettin money now,
Buddy why would I lie,
All this bread I shoulda
Bought a whole pack of twist ties,
I might front that,
Just dependin on what to spent.
Don't got my cash,
The blood is the payment.
You do it for the money,
I do this shit for fun,
You like to play arenas?
I like to play with guns.
Internet haters talkin
All that dumb shit,
I'm ready for them hatin ass
World star comments,
Funny ass niggas
Wanna act like they don't know me,
You tube,
10 million views,
Boy they done showed me.
My flow is rediculis,
That's why them niggas jockin,
I would switch it up,
But you'll just turn around and cop me.(I am well respected)Guap me,
Money coming in,
Cha ching,
All these o's in my check,
I'm the lord of the rings
Rockin all black keds
When I step off in the spot
Got the tool on deck
Like I'm workin on a yacht
(I'm on a boat)
The indian watch,

They're jealous of the of charm,
All these stones
Like I got a bad kidney on my arm.
See I'm a trending topic,
At fte joker,
Got the feds on me
Cause I turned my twitter into strokers,
I am the sickest man,
You can go on and bet,
Can't get insurance on the track,
Cause I always seem to wreck it.
Imaculate conceptions,
Cause I was born the best,
The phenom is coming,
So you should warn the rest.
