Blue Light Special

Guardian

Advisory - the following lyrics contain explicit language:

Forty day tear, got road wear
No-doz breaking, breaking, breaker
Caffeine shakes, can't feel my legs
Three quarters dead, motel aheadJust give me table and a single shed
Just give me cable and a single bed
Have a ray gun, sleep tight, son
Desk man's got a face like Norman BatesDon't let it outta the box
Yeah, the blue light is good
Yeah, the blue light is great
Gotta pile it on your blue light special plateIf you shovel it in
They can vacuum you out
Gonna take you on a junket that
You never dreamed aboutUnwinding, snow blinding
Got a mindset, pushing, pushing
New deal for new masses
Grey matter into ashesPsych line, tone your belly
Hair elixir, royal jelly
Shark attack, legal weasel
Dial a honey, drive a dieselSlash film Sunday
Buy the set, QV shop
Shovel debt, funny, funny
Like a fool and his money, moneyDon't let it outta the box
Yeah, the blue light is good
Yeah, the blue light is great
Gotta pile it on your blue light special plateIf you shovel it in
They can vacuum you out
Gonna take you on a junket that
You never dreamed aboutYeah, the blue light is good
Yeah, the blue light is great
Gotta pile it on your blue light special plateIf you shovel it in
They can vacuum you out
Gonna take you on a junket that

You never dreamed aboutYeah, the blue light is good
Yeah, the blue light is great
Gotta pile it on your blue light special plateIf you shovel it in
They can vacuum you out
Gonna take you on a junket that
You never dreamed aboutWoke up in bed with a pounding head
Cheeto's visine, some vending machine
Tube's playing taps, I ain't taking the hook
Next time I get that tired, gonna read me a book
