

Jet Fighter Plane

The 69 Eyes

It takes a thief to catch a thief
That's the cold war policy
Don't need no prophecy
Ever told you it ain't news
The world is crumbling from abuse
I don't need no another excuse I bring you peace
Wipe down disease
Man-made machines
Jet fighter plane Live by a sword die by a sword
That's the first stone policy
Don't need no apology
All the leaders in the news
False prophets blowing the fuse
Justifying the final excuse
I bring you peace
Wipe down disease
Man-made machines
Jet fighter plane I bring you peace
Wipe down disease
Man-made machines
Jet fighter
Jet fighter plane Did you know governments raising soldiers to kill Ever told you it ain't news
The world is crumbling from abuse
I don't need no another excuse I bring you peace
Wipe down disease
Man-made machines
Jet fighter plane
I bring you peace
Wipe down disease
Man-made machines
Jet fighter
Jet fighter plane Governments raising children to kill...
