

Pretty In Scarlet

Guano Apes

"Pretty In Scarlet"

Pretty in scarlet
So pretty in scarlet

We slept a while
to turn it off
and get it of our minds
I slept a while
to get it all
it seems alright
to find a place without a single lie
where is the night
we ran into

Cus' nothing is good
I can't explain
I falling down and caught up the rain
I turn myself into changes
the night I kissed you goodbye

Cus' nothing is good
I can't explain
I falling down and caught up the rain
I turn myself into changes
Your death is over

You want to live a lie
and I'm pretty in scarlet
come on
you want to wash it down
and I'm pretty in scarlet
I turn myself to say goodbye

You want to live a lie
and I'm pretty in scarlet
come on
you want to wash it down
and I'm pretty in scarlet

I turn myself to say goodbye

It's o.k.
it doesn't count
found my place
a deeper sound
let me dive alone
let me dive alone

You gave me wine
to poison me
and take away my time
I can hear you cry
I wonder why

Cus' nothing is good
I can't explain
I falling down and caught up the rain
I turn myself into changes
the night I kissed you goodbye

Cus' nothing is good
I can't explain
I falling down and caught up the rain
I turn myself into changes
Your death is over

You want to live a lie
and I'm pretty in scarlet
come on
you want to wash it down
and I'm pretty in scarlet
I turn myself to say goodbye

You want to live a lie
and I'm pretty in scarlet
come on
you want to wash it down
and I'm pretty in scarlet
I turn myself to say goodbye

Pretty in scarlet, pretty in scarlet
Pretty in scarlet

You want to live a lie
and I'm pretty in scarlet

come on
you want to wash it down
and I?m pretty in scarlet

You want to live a lie
and I?m pretty in scarlet
come on
you want to wash it down
and I?m pretty in scarlet

And if you throw a stone on me
I?m pretty in scarlet
and if you need some pain to see
I?m pretty in scarlet
and if you live your lies
I will run, I will run, I will run, I will run away...

And if you throw a stone on me
I?m pretty in scarlet
and if you need some pain to see
I?m pretty in scarlet
and if you live your lies
I will run
