

# Company

## Trey Songz

I'm all alone in this big old house  
Think I'm 'bout to watch a movie  
All my friends went out  
And the pool's feeling good  
It's just the right temp  
Don't remember the last time, I even got it  
I think what I need is Company to comfort me, you call  
At the right time  
Fun for you, is fun for me, we have  
Such a good time And I wanna see you tonight  
It's been a long time I'm  
Feeling lonely tonight  
Come and get it right  
She said "Okay babe I'll be on my way"  
Ask me can her home girl come  
We gon' have a lot of fun here  
Just call me when you're coming  
Got nothing else to do  
Just waiting for you  
Just waiting for you Think I'mma go get myself cleaned up  
I'm finna hop up out the shower  
Feeling real fresh, fresh, real fresh  
I'ma chill, I'ma chill  
Right up to the very second you get here  
And let you know how I feel  
As soon as you walk in, I need your Company to comfort me, you call  
At the right time (you call at the right time 'cause)  
Fun for you, is fun for me, we have  
Such a good time And I wanna see you tonight  
It's been a long time I'm  
Feeling lonely tonight  
Come and get it right  
She said "Okay babe I'll be on my way"  
Ask me can her home girl come  
We gon' have a lot of fun here  
Just call me when you're coming  
Got nothing else to do  
Just waiting for you Think I'm 'bout to make myself a drink (I need a drink, drink)  
Thinking how we did it on the sink (up on the sink, sink)

Think I'm 'bout to roll myself a joint (roll it up)  
I could roll some mo' up if you want, that's if you want, uh  
Faded now I'm sitting on the couch (I'm on the couch, couch)  
I'll tell you what else I'm thinking 'bout (I'm thinking 'bout how)  
I'mma hit it every kind of way  
Call me when you're five minutes away Wanna see you tonight  
Feeling lonely tonight  
She said "Okay baby I'll be on my way"  
You can bring your friend  
Soon as you walk in We gon' have a lot of fun here  
Just call me when you're coming  
Got nothing else to do  
Just waiting for you We gon' have a lot of fun here  
Just call me when you're coming  
Got nothing else to do  
Just waiting for you Just waiting for you  
Just waiting for you  
I'm just waiting for you, you, you  
Just waiting for you  
Just waiting for you  
Just waiting for you, you, you  
Just waiting for you
