

K.R.I.T. HERE

Big K.R.I.T.

Here I go, put 'em up, put 'em up
There I go, put 'em up, put 'em up
That was then, this is now, this for sure, let 'em know
Here I go, raise 'em up, raise 'em up
There I go, raise 'em up, raise 'em up
That was them, this is me, this is king, you ain't know
Here I go, K.R.I.T. here, sound like this my my year
Type of car we don't steer, back seat driver for real
Drop me off at the top, got that key with no lock
Play for the team that I own, ain't no takin' my spot
Franchise, franchise, with it
Take a lifetime to spend it
Hit that bank just to visit
Raise a hand if you with it
Drop the top on the roads, had to holy the ghost
Bottles servin' for family, I'm proposin' a toast
Made it out the hood like "yeah"
Who would've thought we would get it
Out of the project like "damn", don't get lost in my crib
Way too legit just to quit, oh you thought that was it?
I'ma be bigger than big, yeah you know what it is
Here I go, put 'em up, put 'em up
There I go, put 'em up, put 'em up
That was then, this is now, this for sure, let 'em know
Here I go, raise 'em up, raise 'em up
There I go, raise 'em up, raise 'em up
That was them, this is me, this is king, you ain't know
Here I go, goin', goin', goin', gone go
Goin', goin', goin', I'm gone go
Goin', goin', goin', I'm gone go
Goin', goin', goin', I'm gone
K.R.I.T. here, born with it, been 'bout it, no limit (Uhhh)
Breakin' that bread wit my folk, uh
Ain't even eat the whole loaf
This for the win and the gold, ain't even look at the score
I took a shot, no one could block
Sometimes you gotta know it swish
Sometimes you gotta know it hit
Sometimes you gotta big time,
like it's '99 for the two thousand Just roll with it
I put my name on the map, I made a moment of that
I took the ball back to my court, I know they wanting it back back

Give me the fit of defeat, if you ain't rootin' for me
Look how I win with the team, some of y'all hated to see it
All of the popping, all of the copping, talk and we shoppin' the spree
Be where I wanted to be, I came from nothing to king, king, king
Here I go, put 'em up, put 'em up
There I go, put 'em up, put 'em up
That was then, this is now, this for sure, let 'em know
Here I go, raise 'em up, raise 'em up
There I go, raise 'em up, raise 'em up
That was them, this is me, this is king, you ain't know
Here I go, goin', goin', goin', gone go
Goin', goin', goin', I'm gone go
Goin', goin', goin', I'm gone go
Goin', goin', goin', I'm gone
