

# War Dance

[Jandek](#)

It's all goin' to the war path  
I swear I must be part Indian  
Ridin' to a war path  
Move up the warpath  
Dance of death  
Run around the red fire  
Thump thump thump thump  
War dance all night long  
War dance all night long  
War dance all night long  
Sun give us the strength to live  
Wind bring our path back home  
Oh moon, give us stealth  
Oh moon, flow like their blood  
Oh rain, flow like their blood  
At the pierce of our spear  
At the pierce of our spear
