

Night of My Life

DJ Pauly D

[Hook]

This ? this ? this ? this ?
This is the night of my life
Yeah it?s on right now
This is the night of my life
I?m gonna run this town
So you already know what it is
I partied all over the world but never like this (like this)
This is the night of my life

Yeah! We went fast
Got a pocket full of cash
So you know where I am going
Don?t even gotta ask
Call up the homies
Tell them we're heading out tonight
Call up some shorties tell them is going down tonight
And we gonna party like it aint no tomorrow
I am about the bottles I can do all that
Cause money ain?t no problem
I have been to London to France
Australia to Japan
Headed up to Rio Porto Rico
But never like this I am just saying

[Hook]

This ? this ? this ? this ?
This is the night of my life
Yeah it?s on right now
This is the night of my life
I?m gonna run this town
So you already know ? What it is
I partied all over the world but never like this (like this)
This ? this ? this ? This is the night of my life

The club jam packed
Is where everybody at
Got a couple shots
I?ma take it back

Then a couple more right after that
The way I am feeling
I hope it never ends
Girl I am just saying
Your friends and my friends should all be friends

And we could party
Like it ain't no tomorrow
Give money the motto
So I'm balling like I just hit the lotto
Whip from Ibiza To Spain, ATL MIA,
New York Los Angeles but I never went ham like this
I am just saying

This is the night of my life
It is on right now
This is the night of my life
I am gonna run this town
So you already know ? What it is
I partied all over the world but never like this (this)
This is the night of my life
This is the night of my life

Tell them is going down the night

[Hook]

This ? this ? this ? this ?
This is the night of my life
Yeah It is on right now
This is the night of my life
I am gonna run this town

So you already know ? What it is
I partied all over the world but never like this (like this)
This ? this ? this ? This is the night of my life
