

Intro: Boy Meets Evil

BTS

The light of my future is dimming
Because of my childish love, I lost my way on a path of dream
The venom of my ambition, I sharpened my knife every day
But because of my uncontrollable greed,
My knife became dull
I know it all
This love is another name for the devil
Don't hold her hand
I shouted but turned away from my conscience
I feel the sharp reality more every day
There's red blood from being torn apart by reality
I never thought that
The greed would become the trumpet heralding hell
BreatheMy breath is getting shorter
I close my eyes every night from twisted realityThe music box of tragedy echoesBut in order to be free from
this crimeIt's impossible to forget and give upBecause those lips were too sweetI didn't want to let go of the
devil's hand
Too bad but it's too sweet
It's too sweet it's too sweet
Too bad but it's too sweet
It's too sweet it's too sweet
Too bad but it's too sweet
It's too sweet it's too sweet
Too bad but it's too sweet
It's too sweet it's too sweet
It's too evil
It's too evil
It's too evil
Yeah it's evil
