## Stellar

## **Incubus**

You are stellarMeet me in outer space We could spend the night Watch the earth come up I've grown tired of that place Won't you come with me? We could start againHow do you do it? You make me feel like I do How do you do it? It's better than I ever knew, hoMeet me in outer space I will hold you close If you're afraid of heights I need you to see this place It might be the only way That I can show you how It feels to be inside of youHow do you do it? You make me feel like I do How do you do it? It's better than I ever knew, yea How do you do it? You make me feel like I do You doOhh You are stellar You are stellarHow do you do it? You make me feel like I do How do you do it? Its better than I ever knew, no How do you do it? You make me feel like I do How do you do it? You make me feel like I do Yea
