

It's A Party

Buckcherry

It's a party, it's a party
Oh, there's a party on the way
Come on I got bad habits from you
You wanted this, I came through
Your Prince Charming's on the way
Oh yeah I got something for you
All our friends can come too
It's gonna put a smile on your face
I want you to be celebrated Everyone is getting up
It's time to fill your cup
Let the music take you on your way
Yeah It's a party, it's a party
Oh, there's a party on the way Trying to keep you satisfied
The girls outnumber the guys
Everyone we love is in the place
Come on They're pairing off in their rooms
I need someone for me too
Dirty loving on my face
Tonight we're gonna tear this place down Everyone is getting up
It's time to fill your cup
Let the music take you on your way
Yeah It's a party, it's a party
Oh, there's a party on the way It's a party, it's a party
Oh, there's a party on the way
It's a party, it's a party
Oh, there's a party on the way (It's a party)
Everyone is getting up
(It's a party)
It's time to fill your cup
(It's a party)
Let the music take you on your way
Yeah (It's a party)
This space is going off
(It's a party)
It's never gonna stop
(It's a party)
It's gonna last all night and through the day
Yeah, yeah, yeah (It's a party)
Everyone is getting up

(It's a party)
It's time to fill your cup
(It's a party)
Let the music take you on your way
Yeah(It's a party)
This space is going off
(It's a party)
It's never gonna stop
(It's a party)
It's gonna last all night and through the day
Yeah
